INSUREtrust wins Corporate Recognition Award

INSUREtrust, an industry leader in providing insurance products for emerging risks has recently been awarded the “Corporate Recognition Award” at the 2019 5th Annual Riskies Awards ceremony.

INSUREtrust has a track record of innovation, becoming the first company in the world to successfully develop, underwrite and market an insurance policy that covered commercial risks associated with using the internet, including but not limited to security breaches and privacy.

The Riskies Awards

The 5th annual Riskies Awards ceremony continues a longstanding tradition of recognizing both active and retired business executives who embody principles of service, and who have demonstrated a track record of high performance and achievements in the area of risk management, insurance or related industries.

Those companies nominated are deemed to be in alignment with the vision of the Department of Risk Management & Insurance as part of the J. Mack Robinson College of Business at Georgia State University.

Recipients of this prestigious award are selected by a committee comprised of Riskies Hall of Fame emeritus faculty and Risk Management Foundation Board of Trustee Members.

When asked about INSUREtrust being both nominated and awarded this accolade, Steve Haase (President) said, “I, and the entire team at INSUREtrust, are honored to have won this award. Insurance and risk management is a team sport, and we’d like to think that we play it well. A big ‘thank you’ to everyone involved in the selection process. We look forward to serving the industry with the same passion and innovation our clients know us for, and look forward to seeing you all here again next year.”

A History of Excellence

This isn't the first time INSUREtrust has been recognized for their leadership, innovation, service and contribution to the industry:

- 2018 – Advisen Industry Person of the Year – USA, Christiaan Durdaller
- 2018 – Finalist, Advisen Cyber Risk Brokering Team of the Year
- 2017 – Advisen Cyber Risk Brokering Team of the Year
